Lovejoy's Enchanted Cottage - A healing oasis in the heart of West Sedona

Deb Lovejoy, RPP, is the owner/entrepreneur/practicer, offering her signature Holistic Pedicures & Manicures, Reflexology, Intuitive Readings & Polarity Therapy. All that she does is based in Reiki's healing energy & unconditional love. She is a Reiki Teaching Master, as well as a Master Pedicurist. Lovejoy's Enchanted Cottage is a magical private one on one retreat. The relaxing, destressing and balancing atmosphere is enhanced by its cutting edge modalities.

Deb loves feet! She believes in educating her clients to take optimum care of their bodies through their feet. Lovejoy explains that the whole body is reflected in the feet. Through her gentle, therapeutic touch, she can access hard to reach or touch-sensitive body parts with reflexology, especially internal body organs, such as the spleen, liver, lungs, gall bladder, etc. "Your feet are your foundation", says Deb. "Feet ground, support and enable you to be mobile. Feet are one of the most neglected, disconnected from and taken-for-granted body parts." Through her Holistic Pedicures, Deb's goal is to teach her clients to appreciate and see the beauty and gift that your feet are to you. Deb applies the analogy of Jesus washing the feet of the disciples to what she does. Her motto is, "healing the soul through your feet."

Some specialties of the Enchanted Cottage are the Throne Chair with whirlpool tub, hot aromatic towels, tuning forks, vibrational healing stones & essential oils, natural products with no formaldehyde or toluene, numerology, holographic sparkle top coat, chakra/energy balancing, empowering readings and one of the best pedicures you'll ever receive. Gift yourself with a Holistic Pedicure today and see how easy it is to love, honor and respect your feet.
